Multi-Function School Activity Bus

Built to FMVSS/CMVSS School bus construction for your peace of mind

Special needs Micro Bird with single-leaf wheelchair door which meets FMVSS/CMVSS 206 standards.

Integrated child seats and 3-point lap and shoulder seat belts are available for enhanced safety and versatility.

**FMVSS 208 requires 3-pts seat belts in all school buses with a GVWR less than 10,000 lbs.*

Maximum visibility of loading zone is provided by fully-glassed entrance door and unobstructed "More-View" window. Standard 24" electric double-opening door.

Blue Bird. Built to Take on Tomorrow.

ENHANCED SAFETY

All our vehicles are reinforced by the heavy-gauge steel side impact barriers that incorporate the seat rail into the design for extra protection.

BUILT TO LAST STRUCTURE

At Micro Bird, safety and durability work as one. Our one-piece galvanized steel roof bows and aluminum side body panels bring longevity.

TOTAL COST OF OWNERSHIP

Our buses are built with the best quality materials which reduce maintenance costs and save you money in the long run.

Reinforced Structure

- Aluminum side body panels for longevity and low repair costs
- One piece galvanized steel roof bows
- HD package available for harsh driving conditions
- Extra structural reinforcement to meet stringent requirements

Enhanced safety

- Heavy-gauge steel side impact barriers
- Easy access to control panel
- Maximum visibility with the more-view window and the fully glassed entrance door

Superior Insulation and Quietness

- 1.5" fiberglass throughout
- Insulated roof bows
- Prevents condensation and corrosion
- Reduction of noise transfer into passenger compartment

Increased Comfort

- Wider seating for superior comfort
- Wide body design creating large aisle
- Better compartmentalization
- Better knee clearance and modularity

Seat plans

A wide range of configurations to better accommodate your needs.

Additional floor plans available upon request
